SPECIFY WITH CONFIDENCE

Consider the fit.

01 Measure the space

Confirm clear internal dimensions, door movement, plumbing positions and installation surfaces.

02 Choose the configuration

Agree material, finish, size and accessories against the product specification and approved sample.

03 Request a quotation

Share product references, quantities, delivery destination and packaging requirements. Prices are quoted to the selected configuration.

04 Confirm before ordering

Check stock or production lead time, installation instructions, carton details and final commercial terms.

Styled images are illustrative. Original product photographs are identified on specification pages. Sourcing selections require specification and supply confirmation. Partner kitchen data remains subject to supplier confirmation.

The architecture of order.

ROTATING PANTRY BASKET

Patent NO.: ZL202122510746.5
Patent NO.: ZL202230189307.6

Patented design on the serial movement with a dual structure and rotatable trays,
smooth rotation and bold appearance, simple but remarkable. Quick access by swivelling the cabinet door, save time and effort.
Rotating Pantry Basket represents a revolutionary way of experiencing the rotatable pantry,
providing users with more convenient and comfortable cabinet storage solutions.

1. Open the cabinet door, bring the whole wall to your eyes.

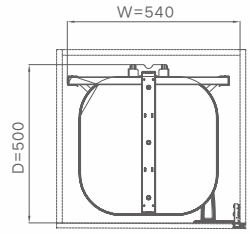

2. If you want to get something inside the basket, turn the tray gently.

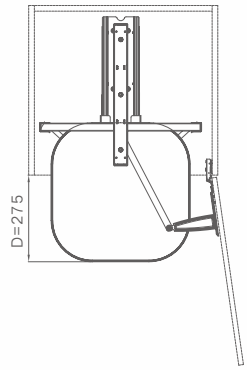

3. The tray can rotate 360 ° , and the way of fetching is easier.

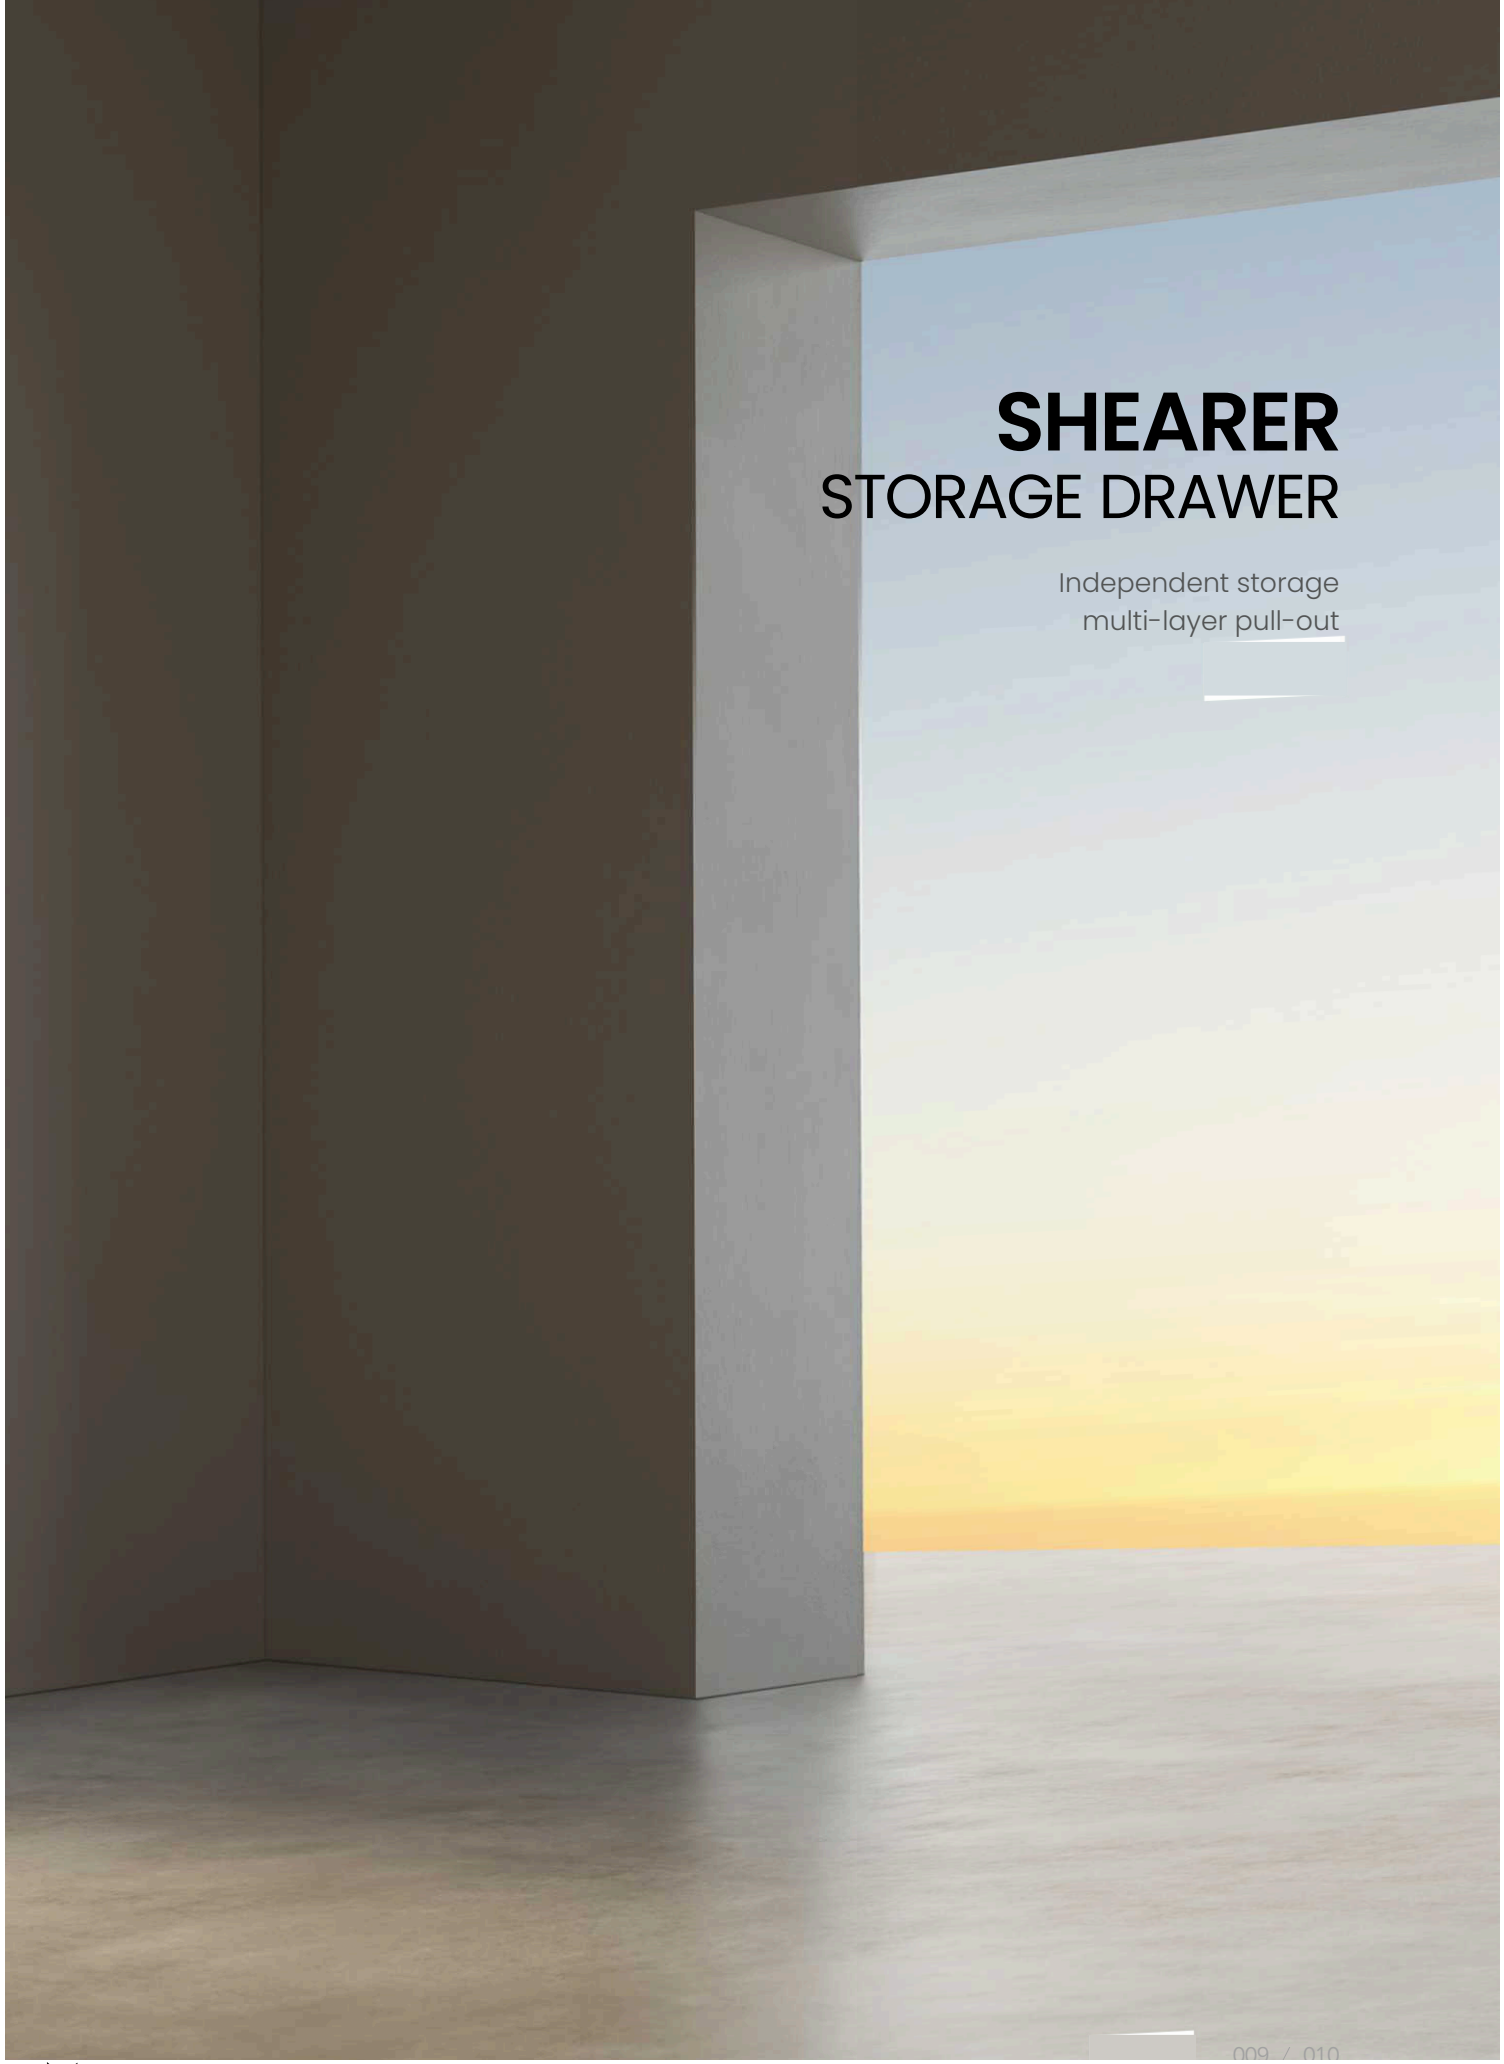

4. After letting go, the basket body automatically returns to normal.

A considered selection.

Materials & finishes

Wood-look finishes are identified separately from solid bamboo or wood. Natural woven items can vary in tone and weave. Confirm the final material and finish with the quotation.

Installation & use

Match mounting systems to the actual wall or door surface. Follow the supplied fitting instructions. Load ratings, where shown in supplier specifications, require confirmation for the selected model.

Photography & specifications

Styled lifestyle photographs are AI visualizations. Source product photos appear on existing Huanda specification pages. Product construction, scale and supplied accessories are governed by the agreed specification and approved sample.

Partner & sourcing selections

The extended kitchen section is a supplier technical selection. Article numbers are retained for identification. Added no-drill sourcing selections require supply and specification confirmation. No factory ownership, awards or patent ownership are claimed by Huanda.

Pricing & availability

Prices, quantity breaks, availability, lead times and packaging are confirmed by quotation. Website minimum quantities are reference listings, not a final wholesale quotation.

Start a considered collection.

Send the product reference, quantity and destination. We will help turn the selection into a clear specification and quotation.
